

Certified Copies of Vital Statistics

Certified copies of vital statistic documents:
\$7.00 each copy

Birth Certificate:

Original birth certificates are located in the town in which a person was born. If you were born in a hospital, you must go to the health department in the town in which the hospital is located.

Certified copies of birth certificates are available at the Lyndhurst Health Department for people who were born within the Township of Lyndhurst.

Death Certificate:

Death certificates are kept in the town in which the person dies. If a person dies in a hospital, the death certificate is kept in the town in which the hospital is located.

Certified copies of death certificates are available at the Lyndhurst Health Department for people who died while they were present in the Township of Lyndhurst.

Marriage License:

If you would like a certified copy of your marriage license, you must go to the health department in the town in which the ceremony took place.

Certified copies of marriage licenses are available at the Lyndhurst Health Department for people who had their marriage ceremony performed within the Township of Lyndhurst.
