

## Lyndhurst Press Release

On Sunday, March 21 (Rain date: March 28), the Town of Lyndhurst will host “Walk to Fight Diabetes” - coordinated by local resident Janice Vocaturo. The event will kick off at Lyndhurst Town Hall Park, located on Delafield Ave., at 10 a.m. Registration for the walk will begin at 9 a.m.

After participating in previous walks and fundraiser events, Janice Vocaturo, who has a family history of diabetes, decided to bring the first diabetes walk fundraiser to Lyndhurst. The goal is to raise \$5,000 for the American Diabetes Association.

Participants of the walk will be collecting funds through sponsors, and those who raise \$100 or more for the walk will receive free lunch and t-shirts. Lunch will be provided by Bruno’s Restaurant and the t-shirts will be donated by the American Diabetes Association.

Additional sponsors for the event include Tropicana, who is donating orange juice, and Blue Diamond Walnuts, who are donating sample packets. Abbott – a manufacturer of glucose meters – will also be on hand at the event giving free screenings and meters.

After the walk the public is invited to enjoy games, entertainment, health care speakers, and vendors in Town Hall Park.

For more information call Event Coordinator Janice Vocaturo at (201) 306-5489.
