611 Marin Avenue Denial of Zoning Application/ Sub-Division
Block 157 Lots 16 & 17

6-17-2020

- 1) Both lots lie in a B-Zone that excludes dwellings. Ordinance 2067 section 21-4.5 c. 13.
- 2) The application includes a sub-division of the two lots. One lot will have an existing house and garage to remain and moving the lot lines of this lot to accommodate the proposed structure in the rear of this lot. There is also an access easement that exists on the east side of this lot which is not mentioned in the application or clearly defined in the site plan.
- 3) The proposed building would be permitted in a RC Zone (Multi Family Dwelling and Garden Apartment). Ordinance 2067 section 21-4.4 provides guidance to erect a building in this zone. Attached is the ordinance that would trigger some bulk variances for this application if the property were to lie in an RC Zone.
- 4) The parking schedule for this application is taken from the Residential Site Improvement Standards of New Jersey, providing 25 spaces including one accessible space. Lyndhurst Ordinance 2067 section 21-8.8 is more intensive than the state standards. The municipal ordinance requires 2 spaces for each dwelling, 1 visitor space per 5 dwellings. (26 spaces + 2 visitor spaces = 28 spaces + 2 accessible spaces as required by the New Jersey Building code, 2018 International Building Code table 1106.1.) The total spaces required by municipal ordinance are 30 spaces including 2 accessible spaces)
